

2007 PRICE LIST

<u>Purity Tests (price includes AS noxious exam)</u>	<u>45.00</u>
(undesirable grass seeds tests done by request at hourly charge)	
<u>Germination up to 7 days in test*</u>	<u>15.00</u>
<u>Germination 8 - 14 days in test**</u>	<u>25.00</u>
<u>Germination 15-21 days in test***</u>	<u>30.00</u>
<u>Germination 22 days or more in test****</u>	<u>35.00</u>
<u>Seed Count</u>	<u>15.00</u>
<u>Tetrazolium Test</u>	<u>50.00</u>
Hourly charge of \$50 per hour charged for mixtures or UGS.	

All test will be done in accordance with the AOSA Rules for Testing Seeds.
 Germination tests will not be concluded earlier than what the AOSA Rules for Testing Seeds specifies for that species.
 Tests requested on species that do not have rules stated in the AOSA Rules for Testing Seeds will be tested as suggested in the "Suggested purity and/or germination testing methods for species without AOSA Rules Testing Procedures."
 Any species that is neither in the AOSA Rules or in the Suggested Testing Methods will be tested using the AOSA rules from a closely related species.
